I. ADVERTISEMENT FOR PROJECT / CONSTRUCTION MANAGEMENT STAFF AUGMENTATION SERVICES

The University of California, Riverside (UCR) Planning, Design, & Construction (PDC) invites the submission of Qualification documents from experienced consultants to provide project / construction management staff augmentation services for the design and construction of upcoming projects including but not necessarily limited to: School of Medicine Education Building (SOM ED2), School of Business Building, and the Undergraduate Teaching & Learning Facility (UGTL). It is anticipated that each of these projects will be delivered via the Design-Build method.

- The University desires to retain the services of one or two consulting firms, and will utilize the consultant services for the above-mentioned projects, or other projects as may be identified.
- Staff augmentation services will be provided under a Professional Services Agreement (PSA).
- The University will assign work via Work Authorizations. Work Authorizations will approve work for project / construction management services for the design phase of the identified “Project” (Phase 1) with the option at the University’s sole discretion, to assign Work Authorizations for the continuation of such services during construction (Phase 2). University may also elect to assign work for Phase 2 services only without engaging selected firm in Phase 1 services.

The selected entity must be able to start work in alignment with the specific project schedule. Generally, design (Phase 1) work efforts are anticipated to last approximately 6-9 months.

The complete RFQ packet will be available (in electronic format only) on February 20, 2020, at 8:00 AM. To receive a copy of the RFQ Documents, email the RFQ Administrator listed below.

RFQ Administrator:
Kara Longtin
UCR Contracts Administration
Email: kara.longtin@ucr.edu

Or download directly from: https://pdc.ucr.edu/business-opportunities/design-professionals-consultants

Every effort will be made to ensure that all persons, regardless of race, religion, sex, color, ethnicity and national origin have equal access to contracts and other business opportunities with the University. Each candidate firm will be required to show evidence of its equal employment opportunity policy.

The University reserves the right to reject any or all responses to this RFQ and to waive non-material irregularities in any response received. The execution of an Agreement with any firm selected pursuant to this advertisement may be contingent upon pending University approvals, including but not necessarily limited to the approval of the University's Board of Regents to commence the Preliminary Plans Phase (“P-phase”) of project implementation.

All information submitted for evaluation will be considered official information acquired in confidence, and the University will maintain its confidentiality to the extent permitted by law.

II. PROJECT INFORMATION AND REQUIREMENTS

A. BACKGROUND

UC Riverside (UCR) takes pride in advancing and communicating knowledge through research and creative activity; developing and inspiring tomorrow’s leaders; and transforming communities. UCR offers over 100 undergraduate degree programs, 61 master’s degree programs, and 47 Ph.D. programs. With approximately 24,000 students the student body is among the most diverse in the nation. Nearly 60% of UCR undergraduate students are the first in their families to pursue college degrees.

The 1,127-acre UCR campus is located three miles east of downtown Riverside and is bisected by the I-215/SR-60 freeway. The 616 acres east of the freeway include the undergraduate academic core and most of the existing campus facilities; the 511 acres west of the freeway includes the agriculture research fields and support facilities, a large parking lot, administrative facilities, and University Extension.

B. INDIVIDUAL PROJECT DESCRIPTIONS

School of Medicine Education Building 2:
The new School of Medicine Education Building 2 (SOM ED2) is envisioned to be an approximately 100,000 ASF multi-story facility comprised of classrooms, lecture halls, faculty and administrative offices and support spaces, study and lounge areas, and other spaces as may be determined during programming. The total budget for this facility is $100,000,000.

School of Business:
The School of Business Building will house academic and instructional space including but not limited to; faculty and administrative offices, and support spaces, executive classrooms, lecture halls, study and lounge space, and potentially food service, catering space, and fitness center and associated support spaces. The project will proceed based on funding available and is currently planned in two phases; total project budget for each phase is; Phase 1 $55,000,000, and Phase 2 $25,000,000.

Undergraduate Teaching & Learning Facility:
The Undergraduate Teaching & Learning Facility (UTLF) is anticipated to house general assignment classroom, instructional laboratories, and performance studios for the arts and related support spaces. The anticipated budget for CCSF is $100,000,000.

These projects will serve a variety of students and faculty focused on a student centered campus with flexibility and convenience to support and enhance the academic experience. The University envisions that the projects will support excellence in education as outlined in UCR’s Strategic Plan for a growing student population. This will be accomplished by providing high-quality spaces, and by providing opportunities for enrichment and engagement.

The buildings will be located within the east campus that hosts the core cluster of academic and research buildings and services.
Other projects as may be identified in the future. Each project will require various levels of Service during and throughout the duration of each such Project. Workload will be dependent upon the needs of each Project and the University.

UCR’s Office of Planning, Design & Construction (PDC) is currently mobilizing to deliver these projects using the Design-Build form of procurement, and desires to retain a project / construction management consultant as an augmentation of UCR PDC staff assigned to lead the project.

C. EXPERIENCE REQUIREMENTS

- Demonstrated experience in project management of complex projects employing Best Value Design-Build delivery from early phases through construction;
- Familiarity with Progressive Design-Build
- Experience managing preparation of design-build procurement documents (I.E.; Programming, Basis of Design, Technical Criteria Documents, etc.), developing and articulating project performance criteria and establishing clear goals & documentation for a Design-Build project delivery
- Preparations and management of a Design-Build competitive bid process
- Experience with multiphase, fast track construction delivery
- Project management of higher education instructional facilities of various sizes, types and complexity.
- Project management of higher education instructional facility projects having a construction cost greater than $30,000,000
- Experience with Best Value selection process, as administered by the UC system
- Familiarity with University of California (UC) contracts, UC project approval process and other UC requirements
- Familiarity with California Public Contract Code
- Familiarity with California Environmental Quality Act (CEQA) as applicable to the development of large-scale capital improvements projects, especially within the design-build process
- Experience managing and administrating project budgets, schedules, scope through the various contracts necessary to complete the project

The successful consultant must commit to providing a lead professional to lead the consultant’s team and to be the consultant’s prime representative to the UC Riverside office of Planning, Design & Construction throughout the duration of consultant’s services.

Only firms with established Southern California offices will be considered.

The consultant organization and its staff proposed to provide the requested services will demonstrate the breadth and depth of experience required, as well as the appropriate team to support UCR on a variety of levels -- high-level strategy as well as contracting & procurement expertise within the UC-system is of great value.

Other highly desirable experience is a key understanding of sophisticated project delivery mechanisms, specifically including Design-Build, experienced and proactive project planning for that delivery method, and strong expertise in Lean Construction Management and the principles of Integrated or “Best Value” Project Delivery and Progressive Design Build.

The ideal consultant will have a depth of resources with appropriate levels of experience, and will work to augment, bolster, and provide support for UCR’s professional internal Project Management and Contracts staff,
to form a seamless and integrated project delivery team.

D. **SCOPE OF SERVICES**

The following staff roles / functions are required to be available as part of the Consultant’s team, but their use will be determined and approved by the PDC team:

1. Principal / Project Executive

1. Questions may be addressed by email to Kara Longtin at kara.longtin@ucr.edu. The last day questions will be received will be Thursday, February 27, 2020, 12:00 PM.
2. It is requested, but not mandatory, that firms interested in responding to this RFQ, contact the RFQ Administrator by email and inform of their intent to do so. Please reference the RFQ name in the subject line of the email in the Notice of Intent.

B. SELECTION PROCESS

The selection process will proceed as follows:

1. The University Screening Committee will evaluate each RFQ Submittal and will rank the prospective firms based on the criteria provided in the RFQ Questionnaire & Submittal Form (Attachment A).
2. The highest ranked firms will be recommended to the Selection Committee. The Selection Committee with review the finalists and make a recommended selection to the Associate Vice Chancellor / Campus Architect for review and approval.
3. After review of the submittals the University may, or may not, schedule interviews or request detailed proposals from one (or more) firms prior to making a final selection.

4. If the University receives submissions from fewer than three qualified firms, the University may select from the available qualified firms.

C. NEGOTIATION AND AWARD OF CONTRACT

1. The University will negotiate a contract with the best ranked qualified firm for services at compensation that the University determines as fair and reasonable.

2. Negotiations shall begin within 5 days after the successful firm has been notified of its selection, unless the written notice provides that additional time is necessary to begin negotiations.

3. The University and firm shall work together to ensure the successful delivery of the requested services in a timely fashion.

4. In the event an impasse is reached in negotiations, the University may terminate negotiations and enter into negotiations with the next qualified firm, in the same manner as prescribed below.
   a. Should the University be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price the University determines to be fair and reasonable, negotiations with that firm shall be formally terminated in writing by the University.
   b. The University shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the University shall terminate negotiations in writing. The University shall then undertake negotiations with the third most qualified firm.
   c. Should the University be unable to negotiate a satisfactory contract with any of the selected firms, the University shall select additional firms in order of their competence and qualification and continue negotiations in accordance with these Instructions until an agreement is reached.
   d. Upon the completion of negotiations, the University and the firm shall proceed to execute a contract. The University shall provide the firm the contract within 45 days after the conclusion of negotiations, unless the University notifies the firm that additional time is necessary to complete the contract.
   e. If the selected firm fails to execute the contract within 14 days of receipt, the University may formally terminate the negotiations with that firm in writing and undertake negotiations with the second most qualified firm and so on as previously described above.
